- ATU-R Country Focal Points
- ITU BR

Dear Sir/Madam,

Invitation to a Consultative Forum on the Implementation Promotion of Resolution 170 (WRC-19)

As you may be aware, one of the key outcomes of WRC-19 from the African perspective was the passage of Resolution 170 (WRC-19). This resolution basically facilitates acquisition/implementation of satellite resources for Fixed Satellite Services (e.g. internet provision) as a group of countries thereby covering the territories of the concerned countries unlike in the past where a country could only acquire the resource solely to cover its own territory. The Resolution was championed by our region considering the viability potential of acquiring and implementing a project using the resources as a group of countries and covering those countries.

Whereas the passage of the Resolution was a significant step, there is now need for African countries to take practical steps and take advantage of the Resolution by acquiring and implementing Satellite projects using the resources as a group of countries.

It is on this basis that we have scheduled a stakeholder's consultative forum to discuss and agree on possible subsequent steps – taking into account the Sub-Regional developments related to satellite communications. This forum will be virtual and will be held on **11 November 2021 from 11H00 to 14H00 East African Time**. The forum will be led by the APM23-2 Bureau (with **Mr Georges YAYI** of Benin as Chair).

In order to participate at the forum, kindly register using this link: <https://us02web.zoom.us/meeting/register/tZlud-qqqiMqH9T6b14yy3uWZRpiAJXt6cJV>. After registering, you will receive a confirmation email containing the login link to the meeting as well as a
